2017 compared to 2012, U.S., Census of Agriculture**

NASS Annual and Census Maple Syrup Program Summary

Annual Survey Program

- Current year's data.
- Major producing states only.
- Includes a description of marketing channels.
- Marketing year average price and value of production data.

Census of Agriculture

- Completed every 5 years.
- All states and all counties included and published if enough data is collected.
- Number of farms and description by size and type of operation.
- Actual sales reported for that reference year.
